

REMARKS

A Notice Of Allowance was mailed to the Applicant on December 3, 2008. Subsequently a Notice Of Drawing Inconsistency With Specification was mailed on January 14, 2009, regarding a lack of description of Fig.s 7, 8 in the Brief Description of the Drawings. The above Amendment to the Specification has now corrected this inconsistency and therefore the application should proceed to issue. Payment of the Issue/Publication Fee along with Part B will be submitted to the USPTO on or before March 3, 2009.

Respectfully submitted,

James F. McLaughlin
Reg. No. 38,048
Attorney for Applicant
